Q: I can't find the Houstonian on the MindBody app?

A: On the MindBody app on your phone, complete the following steps:

Step 1: Go to the Search Bar on top of the Main Screen.

Step 2: Click on Mile Range and adjust it to around 30 miles.

Step 3: Type in "Houstonian." Click Search. The Houstonian will be the first choice in the search.

Q: The MindBody app keeps asking for Houstonian Password?

A: There is no Houstonian Password for MindBody. Many of us already have the MindBody app on our phones and we have found that deleting the MindBody app and reinstalling it helps to avoid the request for a password glitch.

Q: I'm trying to book a class but the app says it needs more information or that my profile is not complete. What do I do?

A: This means that your MindBody profile is not complete. Confirm that all the basic information is provided and the electronic waiver is signed. If either of these are not completed, a reservation will not be able to be made.

Q: Why does it say Call when I try to book a class?

A: Classes open for reservations 6 days before. More than 6 days out, the app defaults to a "call" notification.

Q: Why can't I see a class on MindBody?

A: Often classes are hidden because they haven't loaded on to MB. To resolve the situation, one or all of the following techniques are recommended:

- Close and open the app.
- Close and open the phone.
- Delete and re-install the app.

Q: Who do I contact if I have questions?

A: Contact Steven Elizondo the Group Exercise Manager at selizondo@houstonian.com.
